

Wishora FYP - API Documentation

Base URL: http://localhost:5004

Axios: client/config/axiosConfig.js

Backend: Backend/App.js (port 5004)

Auth & Session

Method	API	Frontend	Why (purpose)	Backend Route	Controller
POST	/user/login	Login.jsx, ChangePasswordSettingsPage.jsx	Login / verify old password	Routes/UserRoute.js	Controllers/UserController.js
GET	/user/check-session	Welcome.jsx	Session check on app load	UserRoute.js	UserController.js
POST	/user/logout	Profile.jsx	Logout	UserRoute.js	UserController.js
PUT	/user/change-password	ChangePasswordSettingsPage.jsx	Update password	UserRoute.js	UserController.js

Admin Dashboard

Method	API	Frontend	Why (purpose)	Backend Route	Controller
GET	/admin/students	Dashboard.jsx	Student count	Routes/AdminRoute.js	Controllers/AdminController.js
GET	/admin/teachers	Dashboard.jsx	Teacher count	AdminRoute.js	AdminController.js
GET	/admin/mostreactions	Analytics.jsx	Top reaction emojis	AdminRoute.js	AdminController.js
GET	/admin/emojis	ReactionSetting.jsx, NotificationActivityCard.jsx	Load emoji list	AdminRoute.js	AdminController.js
PUT	/admin/emojis	ReactionSetting.jsx	Update emoji reactions	AdminRoute.js	AdminController.js

Events (Admin CRUD)

Method	API	Frontend	Why (purpose)	Backend Route	Controller
GET	/admin/allevents	AddEvents.jsx	List all events	AdminRoute.js	AdminController.js
POST	/admin/addevent	AddEvents.jsx	Create event	AdminRoute.js	AdminController.js
DELETE	/admin/deleteevent/:id	AddEvents.jsx	Delete event	AdminRoute.js	AdminController.js

Announcements & Feed

Method	API	Frontend	Why (purpose)	Backend Route	Controller
POST	/admin/publicannouncement	PublicAnnouncement.jsx	Public post + image	Routes/AnnouncementRoute.js	Controllers/AnnouncementController.js
POST	/admin/facultyannouncement	FacultyAnnouncement.jsx	Faculty-only post	AnnouncementRoute.js	AnnouncementController.js
GET	/user/announcement-author-candidates	MentionTextarea.jsx	#mention authors	UserRoute.js	UserController.js
GET	/posts/public	Post.jsx	Public feed (poll 30s)	Routes/PostsRoute.js	Controllers/PostsController.js

Post Reactions

Method	API	Frontend	Why (purpose)	Backend Route	Controller
GET	/posts/reaction-eligibility	NotificationActivityCard.jsx	Can user react?	PostsRoute.js	PostsController.js
POST	/posts/reactionpost	NotificationActivityCard.jsx	Save reaction	PostsRoute.js	PostsController.js
GET	/posts/postreactions/:id	ReactionScreen.jsx	Reaction details	PostsRoute.js	PostsController.js
POST	/emoji/recommend	RecommendedEmojiPicker.jsx, NotificationActivityCard.jsx	AI emoji suggest	Routes/EmojiRecommendationRoute.js	Controllers/EmojiRecommendationController.js

Users - Favourites & Block

Method	API	Frontend	Why (purpose)	Backend Route	Controller
--------	-----	----------	---------------	---------------	------------

Wishora FYP - API Documentation

GET	/user/students	Students.jsx, PrivateAccountSettingsPage.jsx	All students	UserRoute.js	UserController.js
GET	/user/favourite/:id	Many components	Favourite IDs	UserRoute.js	UserController.js
POST	/user/favourite	Students, Teachers, PeopleList...	Add favourite	UserRoute.js	UserController.js
POST	/user/remove	Same	Remove favourite	UserRoute.js	UserController.js
GET/POST	/user/blocked, /block, /unblock	Students.jsx, PeopleListScreen.jsx	Block management	UserRoute.js	UserController.js
GET	/user/current-teachers/:id	CurrentTeachers.jsx	Student teachers	UserRoute.js	UserController.js
GET	/user/favourite-teachers-list/:id	FavouriteTeachers.jsx	Fav teachers list	UserRoute.js	UserController.js
GET	/user/current-students/:id	PeopleListScreen.jsx	Teacher students	UserRoute.js	UserController.js
GET	/user/favourite-students/:id	PeopleListScreen.jsx	Fav students	UserRoute.js	UserController.js
GET	/user/favourite-birthdays/:id	Notifications.jsx	Birthday favourites	UserRoute.js	UserController.js
GET	/user/favourite-teachers/:id	Notifications.jsx	Teachers for event wish	UserRoute.js	UserController.js
GET	/user/notifications-feed/:id	Notifications.jsx	21-day activity feed	UserRoute.js	UserController.js
GET	/user/get-teach-courses/:id	Subjects.jsx	Teacher courses	UserRoute.js	UserController.js

Settings

Method	API	Frontend	Why (purpose)	Backend Route	Controller
GET	/settings/preferences/:userId	setting.jsx, MuteTime..., PrivateAccount...	Load prefs	Routes/SettingsRoute.js	Controllers/SettingsController.js
PUT	/settings/preferences	setting.jsx, settings pages	Save mute/privacy/block OG	SettingsRoute.js	SettingsController.js

Messages

Method	API	Frontend	Why (purpose)	Backend Route	Controller
GET	/message/mixed-list/:id	Messages.jsx	Inbox list	Routes/MessagesRoute.js	Controllers/MessagesController.js
GET	/message/thread/:peer	MessageThread.jsx	Chat thread	MessagesRoute.js	MessagesController.js
POST	/message/send-message	NotificationActivityCard, FavouriteStudents, BirthDayNotification	Send DM	MessagesRoute.js	MessagesController.js
GET	/message/birthday-wish-eligibility	BirthDayNotification.jsx	Wish already sent?	MessagesRoute.js	MessagesController.js
GET	/message/teacher-semester/:id	SemesterModal.jsx	Semester filter	MessagesRoute.js	MessagesController.js
POST	/message/teacher-sections	SectionModel.jsx	Sections for semesters	MessagesRoute.js	MessagesController.js
POST	/message/send-semester-section	SemesterSectionMessageModal.jsx	Bulk section message	MessagesRoute.js	MessagesController.js

Education / Courses

Method	API	Frontend	Why (purpose)	Backend Route	Controller
GET	/showTeacherModel/courses/:id	CourseModel.jsx	Teacher courses	Routes/showTeacherModelRoutes.js	Controllers/showTeacherModelController.js
POST	/education/send-courses	CourseMessageModal.jsx	Message course students	Routes/EducationRoute.js	Controllers/EducationController.js

Event Wishes (Notifications)

Method	API	Frontend	Why (purpose)	Backend Route	Controller
GET	/event/has-today	Notifications.jsx	Event today?	Routes/EventRoute.js	Controllers/EventController.js
GET	/event/today-status	Notifications.jsx	User wish status	EventRoute.js	EventController.js
POST	/event/send-bulk-wishes	TodayEventWishCard.jsx	Bulk wishes to fav teachers	EventRoute.js	EventController.js

Backend APIs (no frontend call yet)

Method	API	Feature	Route file	Controller
--------	-----	---------	------------	------------

Wishora FYP - API Documentation

GET	/posts/faculty	Faculty feed	PostsRoute.js	PostsController.js
GET	/posts/reactioncount/:id	Reaction count	PostsRoute.js	PostsController.js
GET	/message/inbox sent-list received-list/:id	Legacy inbox APIs	MessagesRoute.js	MessagesController.js
GET	/user/admins-and-teachers	Staff list	UserRoute.js	UserController.js
GET	/education/show-courses	Show courses	EducationRoute.js	EducationController.js
GET	/emoji/all	All emojis	EmojiRecommendationRoute.js	EmojiRecommendationController.js
POST	/admin/reactionOnAnnouncement	Announcement reaction	AnnouncementRoute.js	AnnouncementController.js
